

ENDPOINT ANTI-MALWARE *Certificate*

Presented this 20th day of September 2022 to

TG Soft S.r.l.

VirIT eXplorer PRO

ICSA Labs is pleased to announce that the product named above retained certification following rigorous and thorough monthly testing in the ICSA Labs Anti-Malware Certification Testing Program.

The product was recently tested against the requirements in version 5.1 of the ICSA Labs Endpoint Anti-Malware Certification Testing Criteria.

The product remains continuously deployed at ICSA Labs where it will be subjected to monthly testing using ICSA Labs' Mainstream Anti-Malware Test Set.

Darren Hartman

Darren Hartman, General Manager, ICSA Labs

Barring decertification during continued testing, this certificate is valid through September 19, 2023
